

January 11, 2010

Dear Ms. Olivarria,

Thank You, Thank You, Thank You! It was truly an honor and a pleasure to have you present to our students on Saturday, January 9, 2010. The students were engaged, attentive, and learning invaluable and essential information about money management. It is always a challenge to find an interactive presenter who can relate to the students and who can keep them captivated. It is a very unique quality and skill to have to be able to turn very dry and confusing material into very interesting and easy information that students can comprehend. The information that you teach in your money management workshop is essential information that each student **must** learn when going to college and when going out into the job market.

If at all possible we would love to invite you back to be able to finish up your money management workshop. I would also really like to recommend you to the other Upward Bound programs within Volunteers of America. I truly believe that educating our youth about smart financial choices is the key in preserving our society's financial future. I am confident that our students learned concrete information that they can take with them and in the future hopefully that information will help them make educated money choices.

Again, Thank you for helping our students become better informed about money management and we hope that we can continue in contact. If you should need anything please do not hesitate to contact me.

Sincerely,

Vrisa Dominguez
